

# Happy 20th Anniversary

*We have reached a milestone.....December 18, 2006, marks the twentieth anniversary since the inception of Orion Kennel Club, Inc.*

All of my talents, and that of my staff, have been and will continue to be given wholeheartedly to this establishment. Guests will always be our number one priority.

Currently, there is a decision pending to either renovate the existing building with all of the latest innovations, or build an entirely new building. Upgrades and more upgrades, such as a new floor, painting, more dog beds, etc., will continue to the existing building with little or no effect to you or our guests. If you have not done so already, please take the opportunity to come in and tour our facility. Unbelievably, a good number of our clients have not ventured to do so. In the event a new facility is established, it would be neighboring our family's new business, Palazzo Di Bocce, which has joined the Orion Township business community. I hope that you have or will stop in for a meal or two and discover the wonderful sport of bocce ball. How convenient it would be to have a before-vacation-starts meal or an end-of-trip family feast when dropping off or picking up your pets. You can observe more facts about this business through their website, [palazzodibocce.com](http://palazzodibocce.com).

We are looking forward to offering our services for many years to come. We will keep you posted on decisions surrounding our service location.

## *End of Year Travel Plans*

Our building's end-of-year preparations are underway anticipating the fall and winter-like elements. We have had the heat gauges checked and, to my dismay, the air conditioner vents have been turned off. As always, we are ready for the opening-books day in December. Airline travel is expected to increase fourth quarter, 2006. Please plan ahead to ensure a room at Orion Kennel Club. We are ready for your travel plans!

Speaking of traveling, when reading airline news it is restated numerous times the federal regulations concerning carry-on luggage size for space occupancy. Although we do not have "federal regulations", we do have existing guidelines to adhere to when packing your pet's luggage (food). Orion Kennel Club's kitchen has limited space. It is only so big to hold the many food supplies each pet requires. When the building was designed twenty years ago, more emphasis was put toward larger pet rooms rather than a larger kitchen. Therefore, to reiterate, please send food in a zip lock bag (one feeding per bag). Do not send tupperware, tins or boxes. Guidelines can be found displayed in our lobby, printed in our brochure and reflected on our website

*Warmest Holiday Wishes to you and your family members.*

*I have enjoyed sharing my many personal pets with you through these holiday greetings. This particular greeting includes twenty years worth of introducing you to all of my family members.*

*Happy 2007!*
